

## HE HEELED A FISH

Peculiar Incident Occurs in Little River.

## HARRY PICKENS A HERO

Did Something Never Done by a Boy Before.

Yesterday afternoon Harry Pickens, a 15-year-old Wichita boy, caught a six-pound catfish in the Little river above the Thirteenth street bridge, in a manner not exactly authorized by the fish laws of the state of Kansas.

Young Pickens caught the catfish with his left heel.

The manner of the catch was something unique and is not especially recommended to amateur anglers who do not desire to be laid up for three or four days with a painful wound on the heel.

Pickens, with several companions, was playing around a small bayou or pond just above the bridge. The water is low and they waded in to trawl around and pull up the mud from the bottom of the pond. Whenever the water is pulled in this way the fish rise to the surface and can be baited on the back with a stick or club. This is tough on the fish and contrary to the fish law, but a good many small boys get a good many fish and a whole lot of fun out of the operation.

Yesterday Pickens was trawling around in the north end of the pond and he brought his left foot down with an extra hard tug and suddenly gave a shriek of pain and fell backwards into the water. He had stepped on a fish and the hard, bony spine of the dorsal fin had struck in his heel. There was the greatest commotion then, by the fish fastened to the boy's foot under the water and the youngster, who was half under and half out of the water. Two boys struggled to a standing position on his right foot like a stake and carefully raised his left foot to the surface. When he saw the right of the big fish stuck on to his heel he made a leap and scrambled up the bank dragging the catfish after him hooked to his pedal extremity.

Two of the other boys flew to the rescue and caught hold of the big cat and pulled it from their companion's foot by main strength and awkwardness. The spine had entered Pickens's heel the full length, nearly an inch, and when it came out left a jagged wound that bled freely.

This was extremely enough for the boys for one day, and they strung the big cat on a willow fork and accompanied the wounded hero, who walked on his left toe all the way home.

At his home young Pickens had the wound dressed and the foot bandaged and held a reception all the balance of the afternoon to the neighbors and his admiring boy friends, who were anxious to see the only boy in the country who ever caught a fish with his heel.

The big fish was weighed and found to be a fraction over six pounds.

**QUICK RELIEF FOR ASTHMA.**  
Miss Maude Dickens, Parsons, Kan., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using FOLEY'S KIDNEY CURE and it has never failed to give me immediate relief." G. Gehring, 400 E. Douglas, Geo. Van Warden, 233 N. Main, Wichita Drug Co., 110 E. Douglas.

## SALE OF LANDS

Mr. Keach Buys Lots and Dr. Hamilton Gets Land.

Israel Davis, report two small deals in realty, made through their agency. To O. A. Keach they sold two and a half acres in Merriam Park addition on Hillside avenue.

It is said that Mr. Keach bought the place for a suburban home and expects to build a fine cottage and otherwise improve the place.

Dr. E. E. Hamilton bought an 80-acre farm three miles west of Keokuk, Mo. McKee, for a consideration of \$1150 cash, and got a man. The doctor was offered \$200 advance on his bargain before he received his deed, but refused it.

Edward Huns, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I was induced to try FOLEY'S KIDNEY CURE, and after this use of three bottles, I am cured." G. Gehring, 400 E. Douglas, Geo. Van Warden, 233 N. Main, Wichita Drug Co., 110 E. Douglas.

## TWO INNOCPES VISIT WESTERN PART OF COUNTRY.

Mr. O. H. Bentley and I. N. Dean came in from the south yesterday on the Missouri Pacific. They had been on business in the southwest portion of Kansas, and the southwest portion of Oklahoma counties. West of Clearwater and north of Viola Mr. Dean is carrying on a ranch on which he has 500 acres of corn now growing. He reports a very fine rain there Wednesday, which extended north and west of his land and put the ground in a fine condition. Mr. Bentley was down in that locality looking after the interests of Mr. W. H. Wilson of Arnold, N. Y. Mr. Wilson has 4300 acres of very fine farming land in Erie and Viola townships, this county. On his farm he has growing at this time 1300 acres of wheat, which Mr. Bentley thinks will average at least 20 bushels to the acre. Mr. Wilson raised last year on his land in this county 70,000 bushels of wheat, and the probability is that

he will realize a little more this year. Something like fifteen years ago Mr. Wilson purchased 2,000 acres of land from the firm of Jocelyn and Thomas. Since then he has gradually added to the same, until he has the present large holdings in this country. He never sells any of his land, but always buys a little more from time to time. His lands have always been very remunerative to him. He has notified Mr. Bentley, his attorney, that he will be out here, the latter part of this month.

Ira D. Beckard, Duncombe, Ia., writes: "My little boy scalded his leg from the knee to the ankle. I used BANNER SALVE immediately and in three weeks time it was almost entirely healed. I want to recommend it to every family and advise them to keep Banner Salve on hand, as it is a sure remedy for scalds or any sores." G. Gehring, 400 E. Douglas, Geo. Van Warden, 233 N. Main, Wichita Drug Co., 110 E. Douglas.

## MURDEROUS

ASSAULT WAS MADE ON OLD MR. MOSTELLER.

May Die From Injuries Inflicted by Two Unknown Men.

Yesterday at some time shortly after noon Wm. Mosteller was assaulted, beat up and left for dead in his own wheat field about a mile north of the packing houses.

The assault was made by two men whose names are unknown. Mosteller laid, half unconscious, all afternoon in the blazing sun with a broken jaw and when found was in a most pitiable condition. He may die from the effects of his injuries.

It appears from the story told at the Mosteller home last night to Acting City Physician, Selig, that Mosteller, shortly after the noon hour, went up to his wheat field which is about a mile north of his home at 13rd and Jackson avenue to see about some campers who had taken down the wire fence and turned a couple of horses into his wheat. He took his folks at the house that he would go back in a little while and as he had not returned at 6 o'clock his people got uneasy about him and sent up after him. The campers were gone and Mosteller was found lying on his back unconscious with his head and face all beat up and cut and bleeding. A wagon was secured and he was taken to his home and Dr. Selig was sent up by the police authorities.

The doctor said that he found the old man in pretty bad shape, his jaw was broken, his nose was pointed into a shapeless mass and the bone broken and the right nostril cut and laid open high up onto the bridge of the nose. There was also a cut under the right eye as if made by a knife. The side of the jaw was all swollen and bloated and very painful.

Dr. Selig sewed up the cut across the face below the eye and inserted a probe into the nose and made the wounded man as comfortable as was possible under the circumstances. He stayed with the patient until after 11 o'clock last night and gave him every medical attention. Mosteller was conscious part of the time and talked with the doctor. He said that there were two men and two women in a wagon and that he ordered them out of his ground and that the men jumped out of the wagon and knocked him down and he thinks they beat him up with brass knuckles and then fled.

Dr. Selig said that at 11:15 last night Mosteller was in a very serious condition might not recover from his wounds. He is nearly sixty years old and the vicious pounding and beating that he received together with the length of time he laid out in the sun in the wheat field may cause his death.

Mosteller is the man that young Patterson and a couple of kindred spirits had the rough house with up in the packing house district a couple of weeks ago and during which Patterson got his skull fractured in the scrimmage by contact with a large elm club in the hands of Mosteller. A gang of packing house men were out last night looking for the men that assaulted Mosteller. If they had been found there would have been a lynching too in that part of town.

Sherrill Simmons was notified last night and is out now after the campers.

Cycling has his eye and down. After the down, use BANNER SALVE if you're cut or bruised. It heals the hurt quickly. Take no substitutes. G. Gehring, 400 E. Douglas, Geo. Van Warden, 233 N. Main, Wichita Drug Co., 110 E. Douglas.

Mrs. W. T. Ramsey and her son James, of Cambridge, Ohio, arrived yesterday over the Frisco to visit her brother, Rev. James A. Lawrence of the United Presbyterian church, and her sister, Miss Mary A. Lawrence, who has recently returned from the mission field in India.

George armpier of Leon was in the city yesterday.

## ALL KANSAS MONEY

Big Deal Made With Eastern Company

## FOR OKLAHOMA DEBTS

Half a Million Dollars to be Cashed in Wichita.

Winne & Winne of this city, have entered into a contract with the receiver of the New England Loan & Trust company of Broadway, New York, in which the Wichita firm agrees to cash nearly \$500,000 worth of Oklahoma mortgages, mostly on farms.

The trust company was compelled to suspend several years ago on account of some speculations in the east and the business of the company went into the hands of a receiver. The receiver was recently ordered to sell the securities and wind up the business. He tried the big financial centers, New York and Boston, and failed to raise the necessary cash. The proposition was then made to Winne & Winne of this city to sell them the bonds and the trade was closed. The Wichita firm only asking time to examine the Oklahoma records to see that the mortgages were regular, and their expert is now making the investigation.

What is worthy of mention in this matter is the fact that this company was compelled to come west to get this large amount of money. Mr. Winne said last evening that not a dollar of the money that would go into these bonds belonged to the eastern states. It is all western money. A good many of these Oklahoma bonds will soon become due. If the men want to pay Winne & Winne will accept the money, but if they want to renew the loans, they will be accommodated because the firm has unlimited confidence in Oklahoma.

This action of the Wichita company in securing these mortgages is only another evidence that capital is increasing and constantly accumulating in the west. When the western country was new the people had to depend very largely on eastern capital with which to develop its resources, but now the west has its own capital. Every time it raises a big wheat crop it gets more capital, because it sells more than it buys. This is a case where the accumulation of money means the balance of trade in favor of the west.

Even the banks of Wichita are getting more money than there is a big wheat crop and they are sending money to New York to be loaned on call. If this accumulation is kept up outside investments will be sought. There are people here claiming that this money will be invested in real estate, but that does not seem to be away, unless the land belongs to a non-resident and when a non-resident buys farms of city property, he increases the supply of money unless the Sedgewick county man who sells takes his money and leaves the country, which is not often the case.

Wichita is coming to be recognized as a money center and by this time next year it will have a good deal more money than it now has.

The lack of energy you feel, the backache and a run down condition generally, all mean kidney disorder. FOLEY'S KIDNEY CURE will restore your strength and vigor by making the kidneys work. Take no substitute. G. Gehring, 400 E. Douglas, Geo. Van Warden, 233 N. Main, Wichita Drug Co., 110 E. Douglas.

## MR. BLACK DID IT

New Excursion Rates Put in by the Santa Fe.

The Santa Fe, through General Passenger Agent W. J. Black, who is always alive to the interests of the Santa Fe's constituency, has inaugurated "Homeseekers" excursion rates to all points in California, June 13, July 2, July 16, August 6 and 13, September 3 and 17, on a basis of a limited first-class fare plus 2. Yesterday Mr. L. R. Delaney, agent of the company in this city, was notified of the new rates and he said it will be a big thing for the people who want to take a summer trip.

Allen Halverson of West Prairie, Wis., says: "People come ten miles to buy FOLEY'S KIDNEY CURE," while J. A. Spero of Helmer, Ind., says: "It is the medical wonder of the age." G. Gehring, 400 E. Douglas, Geo. Van Warden, 233 N. Main, Wichita Drug Co., 110 E. Douglas.

## SPECIAL CAR SENT.

Maimed Preacher Honored by New York Central.

The special car of one of the high officials of the New York Central railway arrived in the city yesterday to take Rev. A. T. Bell of the Presbyterian church of Jefferson, Oklahoma, back to his old home in Pennsylvania. The official whose name could not be learned, is a brother-in-law of Rev. Bell's and that he stands in the New York Central affairs, was evidenced by the fact that his special car is a gorgeous one.

Eighty-five days ago Rev. Bell came here from Jefferson, Oklahoma, and entered the Wichita hospital to be treated for blood poisoning. He had gone so far that his left arm had to be amputated.

Mrs. Bell came with her husband and rendered him every attention and consolation possible. She left with him for Pennsylvania yesterday.

Mr. Bell and Dr. Fleming of this city were called guests thirty years ago. Mr. and Mrs. Bell were also friends of Mr. and Mrs. J. M. Black and Miss Guthrie of College Hill.

## HAD A STRANGE DELUSION.

D. B. Koch was Adjudged Insane in Probate Court Yesterday.

After the necessary examination a jury in the probate court yesterday found that D. B. Koch was insane and ought to be restrained in an asylum for the treatment of insane persons.

This case aroused deep sympathy among the spectators and court officers. Koch is a fine strong man physically, and he did not seem to care what was done with him. He thinks somebody is trying to kill him and Judge Wilson talked kindly to him for the purpose of trying to quiet him. He told Koch to go along to the jail and assured him that the people in charge were his friends and would protect him from harm. The unfortunate man seemed to believe that he would be safe there.

Some of Koch's friends claim that he went down to Freeport last fall to put in a crop of wheat and while there a prohibition fight was in progress and that one day one of the crusaders walked up to Koch and said: "Why don't you give your heart to God and not look so much like the devil?" It is claimed that this bore on his mind until
